

Safety Subsidy Program

Fish Safe NS is very happy to make the Safety Subsidy Program available again for our members! This subsidy program will cover 50 percent of the costs for selected training courses and provide a rebate on selected safety equipment for members as a way to further enhance the safety culture in the fishing industry.

! Important Information about the Program:

- *This program has limited funds and will be completed on a first-come, first-served basis. Once the funds run out, the program ends.*
- *The subsidy can only be accessed by an authorized representative of a current member company of Fish Safe NS.*
- *Quantities of subsidized equipment and training per member company are limited.*

HOW DOES IT WORK:

For the Subsidy Rebates:

- Send us a copy or photo of the purchase/inspection by email at admin@fisheriesafety.ca or text message at 902-471-3534. Receipts accepted that are dated within 2024 on a first come, first serve basis.
- Please provide a contact name, company name, mailing address, email address, and phone number.

For the Subsidy Training Courses:

- To get the 50% off the course price, you need to book through us or with permission from our Forklift training contracts like RTL Training Services and Safety Services.
